

# VITALITAS HOME CARE REFERRAL AGENCY

Life, vitality – that’s what our name means and why we are here.

At Vitalitas Home Care Referral Agency, we believe clients and their families have a right to determine the home care services needed and should have the freedom to choose the Professional Caregiver they feel is best suited to provide support. We also believe truly inspired in-home care professionals always strive for excellence and that it’s part of their nature to apply their talents toward serving others.

Whether you’re a client requiring assistance with self-care so you can continue to live independently or you’re a Professional Caregiver seeking new home care opportunities, we’re committed to helping you find an optimal match – one focused on life and vitality, that fosters trust and results in a fulfilling alliance.

## HOME CARE CLIENTS

At Vitalitas, we’re committed to Consumer-Directed Care. This means you and/or your family members have the freedom to determine the scope of home care services that will be provided. We also believe clients have a right to select the Professional Caregiver who comes to your home, unlike other care models that assign caregivers based upon availability.

## CAREGIVERS

Along with superior knowledge, skills, experience, and current certifications, which are absolute necessities for inclusion with our home care referral registry, Professional Caregivers radiate genuine passion for their chosen career and have a proven track record for delivering exceptional care. We’ve done all the background checks so clients can connect with confidence.

**The Provision of Fellowship** – engaging the client in social, physical, and mental activities, such as conversation, reading, games, and crafts, as well as, accompanying the client on walks, on errands, to appointments, or to social events.

**The Provision of Protection** – remaining present with the client in his or her home, or accompanying the client when outside the home, as well as, monitoring the client’s safety and well-being.

**The Provision of Care** – assisting the client with Activities of Daily Living such as dressing, grooming, feeding, bathing, toileting, and transferring; and assisting with Instrumental Activities of Daily Living that enable the client to live independently at home, such as meal preparation, driving, light housework, managing finances, remembering to take medication, and arranging medical care.

Vitalitas Home Care Referral Agency is a referral agency as defined by and operating in accordance with the requirements set forth in the California Civil Code.

Proud members of The California Coalition of Domestic Referral Agencies, Inc.
